

June 2021

Bluebirds

When we began in September our goal was to keep children and their families' safe while providing a fun environment for them to learn and build their educational foundation.

We first strived to get to Thanksgiving, then the end of October follow by Christmas. We just kept setting a new goal post each time we made it to the next.

Children seemed to adapt and parents you were resilient!

The children really have enjoyed outdoor free time and we we're so fortunate to mostly have great weather to extend our learning time outdoors. Making Christmas crafts outdoors in 18 degrees in December is memorable for me!

I was most impressed how the children adapted to the change in the sharing program. They worked so hard on their individual sharing projects and presented them with such exuberance. The thought and detail by both the child presenting and those receiving the information was thoughtful and kind. From it we built, after sharing they had to think of a word that began with the letter in order to take a turn to wash hands. So much expansion and growth!!!

Through it all the children continued to grow, progress and build great friendships.

I am so grateful to each individual family who acted mindfully for all families in the school and supported us through this unprecedented time in history.

Much gratitude and thanks to all our board members as they work with us throughout the year.

Wishing you all a safe summer of rest, relaxation and many fun times.
Much gratitude, Mrs. Deardoff

*** June's letter is Z.

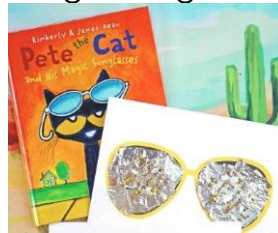

1. A colorful walk just like Pete.

3. Go Pete Go

8. Magic Sunglasses

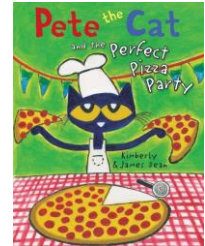

10. Treasure Map

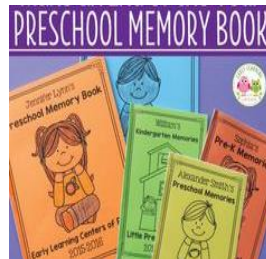

15. Scuba Adventures

17. Perfect Pizza Party

22. PRESCHOOL MEMORY BOOK

24. Let's Celebrate and Graduate
